

ESPEC TSE-11-A *Compact Thermal Shock Chamber*

- 2 Zone Elevator System, Air to Air
- compact & slim design
- superior temperature recovery performance, meet Mil-Std 883H 1010.8
- good temperature uniformity & smooth specimen transfer
- low power consumption

Model	TSE-11-A
High temp. exposure range	+60 to +200 °C
Low temp. exposure range	-65 to 0 °C
Recovery Conditions	High temp. exposure: +150°C, 30min. Low temp. exposure: -65°C, 30min. Specimen: Plastic molded lcs 2kg <i>Recovery time: within 5 min.</i>
Inside Dimension (WxHxD)	320 x 148 x 230mm
Outside Dimension (WxHxD)	680 x 1625 x 1050 mm
